Zoom**

**To participate and to request  
additional information,  
scan the QR code  
or reach out to Julia at  
[jdaverne@pyxispartners.co](mailto:jdaverne@pyxispartners.co)**

The *All of Us* Research Program is a large research program. The goal is to help researchers understand more about why people get sick or stay healthy. To do this, we're asking at least one million people to share health information. In the future, researchers can use the data to conduct thousands of studies.

*All of Us* wants to understand how different communities feel about the priorities of the Programs' Scientific Roadmap. Your opinions and feedback are valuable and can inform new research efforts.

*All of Us* and the *All of Us* logo are registered service marks of the U.S. Department of Health and Human Services.

**Funded by the Division of Engagement and Outreach, *All of Us* Research Program, National Institutes of Health, Award Number 1OT2OD031915, Interdisciplinary Guided Network for Investigation, Translational, and Equity.**
